Chapter-2 GENESIS AND FUNCTIONS

GENESIS OF NCDC

2.1 NCDC is a statutory organization established under an Act of Parliament on 14.03.1963, on the recommendation of the All India Rural Credit Survey Committee for spearheading the development of rural economic activities through cooperatives. Its policies and programmes are prepared with the guidance of its General Council and Board of Management, which are constituted by the Government of India out of a crosssection of cooperatives, officials, and nonofficials. The NCDC Act underwent change in 1974 to include more business activities like fishery, poultry, dairy, handloom & sericulture and by the amendment, NCDC's resource base was broadened, thus enabling raising funds from the market. The Act was again amended in 2002 to cover some more areas such as livestock, industrial goods, cottage and village industries, handicrafts, rural crafts, and certain notified services like water conservation works, irrigation, animal health care, disease prevention,

agriculture insurance and agriculture credit, rural sanitation and services about labour cooperatives. Along with the above, the amendment also enables NCDC to finance cooperative societies directly under its various schemes, on fulfillment of certain stipulated conditions.

3.6 As a result of restructuring/ recovery of principal against the previous years NPA and further additions during FY 2022-23, Gross NPAs of ₹314.88 crores as on 31.03.2022 has increased to ₹316.83 crores (314.88 + 55.70 - 53.75) as on 31.03.2023. Net NPA as on 31.03.2023 was Nil. NPAs as on 31.03.2023 are given in **Table-4**.

3.7 A general provision @0.40% of standard assets has been made. A provision of ₹52.01 crores already exists as on 31.03.2022. A provision of ₹34.69 crores has been created in FY 2022-23. Chapter-8 STORAGE AND COLD CHAIN

COOPERATIVE STORAGE

8.1 NCDC has been making systematic and sustained efforts for the creation of scientific storage facilities at various levels in the cooperative sector. As a result of concerted efforts, the storage capacity assisted by NCDC and owned by cooperatives has increased from about 11 lakh MT in 1962-63 to 165.72 lakh MT by the end of FY 2022-23. Since inception, up to 31.03.2023, NCDC has so far disbursed ₹1111.69 crores under various programmes for construction, repair, and renovation of godowns and towards margin money assistance for business development. Details of storage capacity created with NCDC funding are at Table-1.

8.1.1 During FY 2022-23, NCDC sanctioned the construction of 245 godowns of 69148 MT capacity at a total block cost of $\gtrless 90.39$ crores with NCDC assistance of $\gtrless 71.41$ crores comprising $\gtrless 51.04$ crores as loan and $\end{Bmatrix} 20.37$ crores as subsidy under various schemes, viz. Agricultural Marketing Infrastructure (AMI), sub-scheme of Central Sector Integrated Scheme for Agricultural Marketing (CSISAM) & Erstwhile Central Sector Integrated Scheme on Agricultural Cooperation (CSISAC). Details have been given in **Table-2 & 3**.

components assisted by NCDC broadly includes (i) Integrated pack house; (ii) Reefer transport vehicles; (iii) Cold storage (Bulk-near farm gate); (iv) Cold storage (Hub-near market); and (v) Ripening units. NCDC loans are dovetailed with the grant-in-aid assistance available from different sources viz. (i) Erstwhile Central Sector Integrated Scheme on Agricultural Cooperation (CSISAC); (ii) Schemes of Mission for Integrated Development of Horticulture (MIDH) / National Horticulture Board (NHB) / National Horticulture Mission (NHM); (iii) Schemes of Ministry of Food Processing Industries (MoFPI); and (iv) Schemes of Ministry of Fisheries, Animal Husbandry and Dairying (PMMSY).

8.2.1 As on 31.03.2023, 319 cold storage projects have been sanctioned with a capacity of 9.69 lakh MT. Against this, 307 cooperative cold storage projects with a total capacity of 9.36 lakh MT assisted by NCDC have been completed / installed. State wise details of Cold Storages and financial assistance released as on 31.03.2023 is in **Table-4**.

8.2.2 As on 31.03.2023, 3 cold chain projects are under various stages of implementation in the states of Uttarakhand, Manipur, and Bihar. An amount of ₹9.22 crores has been disbursed to the beneficiary societies. Statewise details of cold chain infrastructure sanctioned and financial assistance disbursed as on 31.03.2023 is given at **Table-5**. Chapter-13

ROLE OF NCDC IN FORMATION AND PROMOTION OF FPO AND FFPO

ROLE IN FORMATION AND PROMOTION OF FPO

13.1 NCDC is an Implementing Agency (IA) under the Central Sector Scheme, "Formation and Promotion of 10,000 Farmer Producer Organizations" initiated in July, 2020. The aim is to catalyse the transformation of the agriculture sector where small and marginal farmers with average land holding size of less than 2 hectares constitute over 80% of the farmers' population, with distressing ownership of a minor share of land. This segment is also characterized by more than one-fifth of rural households, with selfemployment in agriculture as their principal occupation. Under the scheme, NCDC is an implementing agency for FPOs which are formed and promoted only as cooperatives. The aims and objectives of the scheme are as follows:

- To provide a holistic and broad based supportive ecosystem to form new 10,000 FPOs to facilitate the development of vibrant and sustainable income oriented farming and for overall socio-economic development and well-being of agrarian communities.
- To enhance productivity through efficient, cost-effective, and sustainable resource use and realize higher returns through better liquidity and market linkages for their produce and become sustainable through collective action.
- To provide handholding and support to new FPOs up to 5 years from the year of creation in all aspects of management of FPO, inputs, production, processing and value addition, market linkages, credit linkages, and use of technology, etc.
- To provide effective capacity building to FPOs to develop agricultureentrepreneurship skills to become economically viable and self-sustaining beyond the period of support from the

government.

NCDC as a development 13.1.1 financing institution for cooperatives plays the role of an Implementing Agency under the Scheme for formation and promotion of FPOs under the State/UT Cooperative Societies Acts, including the Mutually Aided or Self Reliant Cooperative Societies Acts or by whatever name called, or the Multipurpose Cooperative Societies Act (MSCS Act). NCDC will promote FPOs through its Cluster Based Business Organisations (CBBOs), which will function at the allotted block level and be responsible for the formation and promotion of FPO. The Handbook of the scheme is available on the NCDC website and the details of the scheme are given briefly in Annex-V.

Target of NCDC

13.1.2 NCDC has been allocated a target for the formation and promotion of 500 FPOs during the reference allotment year 2020-21. In addition, 29 organic FPOs have also been allocated to NCDC from the Integrated Nutrient Management (INM) division of DA&FW. During the reference allotment year 2022-23, an additional target for the formation and promotion of 234 FPOs was allocated to NCDC. NCDC as an Implementing Agency has achieved the following:

- i) Out of the total target of 763 FPOs, 538 FPO Cooperatives have been registered with 122962 farmer members.
- ii) During FY 2022-23, NCDC sanctioned FPO formation and incubation cost including CBBO cost of ₹82.28 crores, FPO Management Cost of ₹54.64 crores, and Matching Equity Grant of ₹30.01 crores, and disbursed FPO formation and incubation cost including CBBO cost of ₹17.89 crores, FPO Management Cost of ₹11.10 crores and Matching Equity Grant of ₹9.26 crores (including ₹1.11 crores disbursed by DA&FW).

13.1.3 Cumulatively, NCDC has disbursed an amount of ₹49.50 crores under the scheme. State-wise sanction and disbursement of funds under the scheme are detailed in **Table-1**.

ROLE IN FORMATION AND PROMOTION OF FFPO

13.2 NCDC has been empowered as one of the Implementation Agency (IA) for Formation and Promotion of the Fish Farmer Producer Organizations (FFPOs). The FFPO scheme under PMMSY aims to achieve inclusive and sustainable transformation of the fisheries sector through the creation of a holistic and supportive ecosystem.

13.2.1Formation and promotion ofFFPOs will be taken up under the Central

Sector Scheme component of PMMSY with 100% central funding.

13.2.2 As per the Union Budget 2020, the Department of Fisheries, Government of India will set up 500 Fish Farmers Producer Organisations. While formation and promotion of 300 FFPOs/Cs will be supported under PMMSY, efforts will be made to support the remaining 200 FFPOs/Cs through convergence with the 10,000 FPO scheme of Department of Agriculture and Farmers Welfare (DoAFW), Ministry of Agriculture and Farmers Welfare (MoAFW), wherever possible.

Target of NCDC

13.2.3 An initial target of 70 FFPOs has been allocated to NCDC. Till the end of March 2023, NCDC has formed and promoted 33 FFPOs under the Cooperative Societies Act of the respective state.

Annual Report 2022-23

Chapter-14

COMPUTERIZATION OF COOPERATIVES

14.1 NCDC has been playing a pivotal role in empowering cooperatives through information technology. Under its computerization programme, NCDC has been providing financial assistance to cooperatives from the primary level to the national level for strengthening the IT services in the societies for modern IT and related infrastructure such as data centre, data recovery centre, enterprise-level network, laptop, desktop, information and communication technology infrastructure, network security, cyber security, IT audit, storage solution, CBS, ATMs, POS machines, e-lobby with kiosk, training and capacity building of personnel among others.

14.2 During FY 2022-23, the Corporation disbursed ₹45.02 crores to Societies /Cooperative Banks for computerisation. Cumulatively, the Corporation has sanctioned ₹1,558.36 crores to 410 societies/banks and disbursed ₹646.28 crores. A total of 371 societies/banks have completed respective computerization projects as detailed in **Table-1**.

PACS as Modern Banking Units

14.3 An impressive 97% of the villages in India are covered by Primary Agriculture Credit Societies (PACS). The Cooperative structure includes PACS with farmers as their members at the base level. NCDC has been assisting PACS to help them transform into modern banking units to enable them to provide the functions of a bank. The standard facilities would include modern cash counters, micro-ATMs, appropriate software, secured vaults, power backup, display board, capacity building, etc. as per the need and requirements of the PACS. This would help:

- ✓ To provide access to banking facilities in the remotest of areas including unbanked Gram Panchayats.
- ✓ Increase credit flow to the agriculture sector of the state as there is easy access to banking facilities and members can approach the PACS willingly for easy and timely sanction of loans.
- ✓ Improve savings and credit delivery in rural areas by providing access to formal banking.
- ✓ To make NEFT, RTGS, and other online payment facilities available to all PACS members by being linked to DCCBs/SCBs.
- ✓ Enhance the share capital of PACS by attracting more members/ farmers in rural areas.
- ✓ Facilitate timely agricultural operations, thereby, enhancing crop productivity and yield.

14.3.1 NCDC has sanctioned financial assistance of ₹315.72 crores to the **Government of West Bengal for assisting** 2,631 Primary Agriculture Cooperative Societies (PACS) with 28.88 lakh members for computerization and development of related infrastructure for PACS as Banking Service Points during FY 2018-19. So far, ₹282.02 crores has been disbursed to 2,342 PACS, including ₹36.76 crores in FY 2022-23.

Chapter-16 GENDER IN COOPERATIVES

16.1 In consonance with the Government Policy, NCDC encourages women cooperatives to avail financial assistance under its various schemes. There is no gender bias by the Corporation in providing assistance. Cooperatives exclusively promoted by women or cooperatives having women as their members can avail assistance under various schemes/programmes of the Corporation. NCDC has assisted activities related to the processing of Foodgrain, Plantation of Crops, Oilseed Processing, Fisheries, Poultry, Dairy & Livestock farming, Storage, Spinning Mills, Handloom, Jute & Powerloom Weaving, Integrated Cooperative Development Projects, Yuva Sahakar & Services among others.

Initiatives by NCDC to promote women in cooperatives

16.2 In recent years, NCDC has launched four schemes that are favourable to women in cooperatives. Details of the scheme are available in **Annexure-V** and briefly enumerated as under:

- Yuva Sahakar: Cooperative Enterprise Support and Innovation Scheme: The scheme aims at enabling Start-Ups in the Cooperative sector, by covering all types of activities. Any type of cooperative society with a new, innovative, and value chain enhancement intended project is eligible for assistance, subject to fulfilment of terms and conditions of the scheme. The funding pattern is more favourable to cooperatives with 100% women members. Projects with a debt-equity ratio of 80:20 are eligible for funding.

- **Ayushman Sahakar:** The scheme aims to assist cooperative societies (a) to provide affordable and holistic healthcare through hospitals / healthcare / education facilities; (b)

for promotion of AYUSH facilities: (c) to meet the objectives of National Health Policy; (d) to participate in the National Digital Health Mission and (e) to provide comprehensive healthcare including education, services, insurance and activities related thereto. Assistance is provided for infrastructure creation, margin money, and working capital. As an incentive, NCDC provides 1% less than its applicable rate of interest for the entire tenure of the loan for timely repayment of term loan by a borrower cooperative society with majority women as its members.

Nandini Sahakar: The scheme introduced in February 2021 aims to improve socio-economic status of women. It supports the entrepreneurial dynamism of women through Women's cooperatives. It converges critical inputs of women enterprise, business plan formulation, capacity development, credit, and subsidy, and/or interest subvention of other schemes. Any Women Cooperative Society registered under any State / Multi State Cooperative Societies Act in the country is eligible. Any cooperative society with a minimum of 50% women members at the primary level is also eligible. In case of projects related to new and/ or innovative activities, women cooperatives, which are in operation for at least three months, are also eligible as per applicable NCDC guidelines. Interest subvention incentive shall be applicable for timely repayments depending on the nature of activities: (a) new and innovative activities - 2% and (b) activities other than new and innovative activities - 1%.

- **Swayam Shakti Sahakar Yojna:** To increase the availability of funds to women SHGs through cooperatives and to supplement the resources of Credit Cooperatives for providing adequate and

prompt loans/advances to women SHGs, NCDC introduced Swayam Shakti Sahakar to extend NCDC's short term loan (upto 3 years) to credit cooperatives for onward lending to women SHGS. Agriculture credit cooperatives like PACS, DCCBs, StCBs, and SHG Federated Cooperatives/Cooperative Federations are eligible for loan under this scheme. Assistance will be extended for onward lending of working capital loan or term loans to women SHGs.
