Subject: Circulation of Recruitment Notice on Official Website & Notice Board

Dear Sir/Madam,

This is to inform you that Sahakar Taxi Cooperative Limited is in the process of recruiting technical professionals to strengthen our digital and technology operations.

We are currently hiring for the following positions:

- L1 Application Support Engineer (Mobile App)
- Frontend Developer
- Backend Developer
- Lead Full Stack Engineer

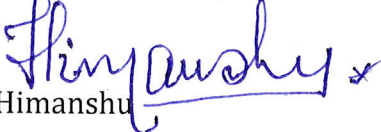

We request you to kindly circulate the enclosed recruitment notice on your official website and notice board to ensure wider outreach and attract suitable candidates.

The last date for submission of applications is 5th March 2026.

Your cooperation and support in this regard will be highly appreciated.

With Regards,

For Sahakar Taxi Cooperative Limited

Col Himanshu

(CEO)

Encl.: As Above

Hiring: L1 Application Support Engineer (Mobile App) | Bharat Taxi

Salary: 70,000 per month

Experience: 2 Years

Location: New Delhi, India

Employment Type: Full-Time

Role Overview

We are hiring L1 Application Support Engineers to support our React Native mobile application. The role focuses on first-level troubleshooting, monitoring app issues, and supporting CI/CD pipelines to ensure smooth application operations.

Key Responsibilities

- Provide L1 support for Android & iOS mobile applications
- Monitor app performance, logs, and alerts
- Troubleshoot basic React Native and deployment issues
- Support CI/CD pipelines (build, release, deployment)
- Coordinate with L2/L3 teams for issue escalation

Required Skills

- Basic understanding of React Native
- Knowledge of CI/CD pipelines and Git
- Familiarity with mobile app build & release processes
- Basic API and log analysis

Experience & Qualification

- 2 years in Application / Production / App Support
- Bachelor's degree in CS/IT or related field (60%+ preferred)
- Good communication and problem-solving skills

Desirable

- Exposure to cloud platforms (AWS/GCP/Azure)
- Basic Docker knowledge
- Experience supporting consumer-facing mobile apps

Interested candidates may share their CV at hr@bharattaxiapp.com, mentioning the job title in the subject line. Last date for submission of applications: 5th March 2026.

Hiring: Frontend Developer | Bharat Taxi

Salary: ₹12 CTC

Location: New Delhi, India

Experience: 4+ Years

Employment Type: Full-Time

Role Overview

Bharat Taxi is looking for a **Frontend Developer** with strong expertise in **React Native** to build scalable, high-performance applications for our mobility platform.

Key Responsibilities

- Develop and maintain mobile applications using **React Native**
- Build reusable UI components and manage application state
- Implement reactive UI patterns and real-time updates
- Integrate frontend applications with backend APIs
- Optimize applications for performance and scalability
- Debug production issues and write clean, maintainable code

Required Skills

- Strong experience with **React Native** and reactive programming
- Proficiency in **JavaScript (ES6+), HTML5, CSS3**
- Experience consuming **REST APIs**
- Familiarity with **Git/version control**
- Experience with **Android & iOS** platforms

Experience & Qualification

- B.Tech / Master's in CS, Engineering, or related field (**60%+ preferred**)
- **4+ years** of frontend / mobile development experience

Desirable

- Experience with **TypeScript, Next.js, or modern UI libraries**
- Exposure to **CI/CD pipelines**
- Experience building **consumer-facing or mobility apps**

Interested candidates may share their CV at hr@bharattaxiapp.com, mentioning the job title in the subject line. Last date for submission of applications: 5th March 2026.

Hiring: Frontend Developer | Bharat Taxi

Salary: ₹12 CTC

Location: New Delhi, India

Experience: 4+ Years

Employment Type: Full-Time

Role Overview

Bharat Taxi is looking for a Backend Developer with 4+ years of experience to build and scale high-availability backend systems for our mobility platform.

Key Responsibilities

- Design, develop, and maintain scalable backend services
- Work on core systems: **trip management, pricing, payments, and dispatch**
- Build and maintain **REST/gRPC APIs** for mobile and partner integrations
- Ensure data consistency, idempotency, and fault tolerance
- Collaborate with mobile, data, and DevOps teams
- Troubleshoot production issues and support incident resolution

Required Skills

- Strong backend development experience (Haskell preferred; functional programming a plus)
- Experience with microservices architecture
- Understanding of event-driven systems and async processing
- Strong experience with PostgreSQL/MySQL
- Experience with REST APIs and third-party integrations
- Working knowledge of CI/CD, Docker, and cloud platforms (AWS/GCP/Azure)

Experience & Qualification

- B.Tech / Master's in CS, Engineering, or related field (**60%+ preferred**)
- **4+ years** of backend development experience

Desirable

- Experience in **mobility / transportation** domain

Interested candidates may share their CV at hr@bharattaxiapp.com, mentioning the job title in the subject line. Last date for submission of applications: 5th March 2026.

Hiring: Lead Full Stack Engineer | Bharat Taxi

Salary: ₹24 CTC

Location: New Delhi, India

Experience: 8+ Years

Employment Type: Full-Time

Role Overview

Bharat Taxi is looking for a **Lead Full Stack Engineer** to own and lead end-to-end development of scalable **web and mobile platforms** powering our mobility ecosystem.

Key Responsibilities

- Lead architecture and full stack development for web C mobile applications
- Build scalable backend services using **Node.js / Python** (Haskell preferred)
- Develop and maintain mobile apps using **React Native**
- Design and manage **PostgreSQL** databases
- Ensure high-quality **UI/UX** and responsive design standards
- Define APIs and integrate frontend, mobile, and backend systems

Required Skills

- Strong experience with **Node.js and Python**
- Hands-on expertise in **React Native** and modern frontend frameworks
- Strong knowledge of **PostgreSQL** and database design
- Solid understanding of **UI/UX principles**
- Experience with **REST APIs, microservices, and event-driven systems**
- Working knowledge of **CI/CD, Docker, and cloud platforms**

Experience & Qualification

- B.Tech / Master's in CS/Engineering or related field (**60%+ preferred**)
- **8+ years** of full stack development experience

Desirable

- Experience in **mobility / transportation / consumer-scale platforms**
- **Haskell / functional programming** exposure

Interested candidates may share their CV at hr@bharattaxiapp.com, mentioning the job title in the subject line. Last date for submission of applications: 5th March 2026.
